THE CAROLINA ACADEMY

The Carolina Academy is an independent, college preparatory, non-sectarian day school for students in kindergarten (K-3, K-4, & K-5) through twelfth grade. TCA does not discriminate on the basis of sex, race, color, religion or national origin in the administration of its educational program, admission policies, employment practices, or other school administered program. Carolina Academy believes that the goal of education is to promote learning and personal growth.

The primary purpose of this handbook is to give the students and parents a general overview of the rules, regulations, and guidelines of The Carolina Academy. We believe that this information can be extremely helpful in providing the necessary structure that will be beneficial throughout the school year.

This general information booklet will not answer all questions concerning the school's program. There may be instances where parents and/or students will want to know more about a specific rule, regulation or policy. This can be achieved by referring to the Board Policy Manual available through written request to the board chairman.

It should be noted that parents/students have the right to appeal administrative decisions to the Board of Directors. Appeals should be in writing to the board and will become a part of the student's record. If a visitation is desired, the party should make a written request and the board chairman will then give a date and time to appear.

THE CAROLINA ACADEMY MISSION STATEMENT

The Carolina Academy, working collaboratively with all stakeholders – students, families, and community – will provide a safe, secure learning environment and innovative educational experiences that will empower our students to achieve excellence and accept responsibility for their lives, their learning, and the world in which they live. As we seek to follow Christ and grow leaders, the faculty and staff of The Carolina Academy are committed to equipping our students with knowledge, skills, and perseverance needed to become problem solvers and life-changers. We challenge our students to view work as worship, seeking excellence in everything they do for the glory of God.

GUIDANCE INFORMATION

Even though every faculty member is responsible for providing some counseling to our students, TCA provides a counselor who will coordinate and be available for the more structural part of our guidance program. The guidance program provides support in the areas of academic, career and personal social needs to students. The counselor also serves as a liaison between parents and teachers and can arrange conferences when necessary.

Counseling services are an important part of a student's schooling; consequently, TCA will do everything possible to make this program available to all students. High school students work closely with the counselor on course selection and the college application process. Students may be counseled about academic matters (course selections, colleges and universities, financial aid, etc.) or personal matters by contacting their counselor.

Students should follow these procedures when using counseling services:

1. Whenever possible, make an appointment in advance to talk with the counselor.
Every attempt should be made to schedule appointments during break or lunch periods, before or after school.
2. Inform teacher before coming to the counselor's office.

COURSE REGISTRATION

Registration for courses is a time when major decisions are made; consequently, the student (with the guidance of parents and his/her counselor) should make every effort to make wise choices.

1. The spring of each year, students and parents in Grades 8-11 will have the opportunity to be involved in course selection for the upcoming school year.
2. Once schedules have been printed, students may not request changes except for the following

reasons:

- a. When credit is needed for graduation
 - b. When credit has been earned in summer school.
 - c. When a student has not passed the pre-requisite for the next course.
3. Students enrolled in courses at the academy may adjust their schedules through the drop/add period provided for in the TCA Calendar (the first 10 days of a year-long course and first 5 days of semester course). In order to facilitate this process, requests will be made to the guidance counselor. Approvals for the dropped class and the class that is to be added must be made by the school administrator and guidance counselor. The SC Uniform Grading Scale policy states a student who drops a class after the 10 day period will receive a “WF” for the class.

GRADE POINT AVERAGE (GPA) and CLASS RANK

The Carolina Academy utilizes the South Carolina Uniform Grading Scale to compute Grade Point Average (GPA). The Uniform Grading Scale assigns quality points to each numerical grade depending on the grade earned and the category of weight assigned to the course taken—College Prep, Honors, AP/IB/Dual Credit. The uniform grading scale and the system for calculating GPAs and class rank will apply to all courses carrying Carnegie units, including units earned in eighth grade. GPA is calculated by dividing the total number of quality points earned in all courses by the total credit hours in all courses attempted. The GPA will be used to rank students in their

class. The GPA will be calculated to three decimal places and will not be rounded up. The class rank is calculated at the end of each school year in grades nine through twelve. All students who attend The Carolina Academy during the year will be included in the ranking. Class ranking is used for purposes such as determining Junior Marshals, Honors at Graduation, etc. Ranking is not used for the sole purpose of obtaining eligibility for state scholarships.

- The SC UGP GPA, as well as the uniform calculation date, will be printed on the official high school transcript. The graduation date will also be printed on the end of the year senior transcript.
- Seniors with a cumulative grade point average of 4.00 are recognized as High Honor graduates and will wear the Honor sash at graduation
- Seniors with a cumulative grade point average of 3.50 are recognized as Honor graduates and will wear the Honor cord at graduation.

GOOD SPORTSMANSHIP

At The Carolina Academy we play to win. We also have a reputation for fair play and good sportsmanship. We wish to keep this reputation, and the following suggestions should help accomplish this goal. Please do not question decisions that umpires or referees have made. Please do not make noises that hinder the game. For example - do not make noises while your opponents are attempting free throws. Please do not forget that visiting teams and fans are guests and should be treated as such. Please don't harass visitors before, during, or after the contest. We appreciate and endorse fan support; and we sincerely trust our fans to be "good sports." A sportsmanship statement is posted at the football field and in the gymnasium.

ELEMENTARY (K- 4th) DISCIPLINE RULES AND CONSEQUENCES

Discipline Policy

The teachers and administration have developed a policy which focuses on the student and helping to change behavior when it conflicts with the instruction in the classroom. The school policy generally follows this routine:

- The classroom teacher sets up class rules and procedures, including consequences for behavior.
- Time is set aside for the student and teacher to discuss the problem.
- If the behavior becomes serious, a parent conference may be scheduled.
- The student may be referred to the principal if the regular classroom measures have not changed the behavior.
- The principal may have a conference with the student. If necessary, the parent will be called and a referral sent home.
- A behavior contract may be developed following a conference with the parents.
- **Suspension results when there is a serious infraction of the discipline code, which includes a number of specific infractions seen on the category pages.**
- **Expulsion is the most serious consequence, as it denies the student the privilege of attending The Carolina Academy.**

Discipline/Referral Policy

Referrals are issued for violations of the discipline code and for infractions of school rules. Students are seen by the assistant administrator or the administrator for every referral. All referrals are sent home with the student. Phone calls to parents will be attempted either by the staff member reporting the violation or administrator.

The following consequence options for referrals are assigned to the student by the administrator handling the referral. We wish to use the most effective intervention; the interventions are arranged, below by increasing seriousness. There are educational offenses for which students may be suspended or considered for expulsion even on first referral.

- **Parent Contact:** Phone call, or if unable to reach anyone, a message or note may be sent home with the student. If no response is made a letter will be mailed home.
- **“Time Away”:** Relocation of a student to another teacher’s room for the balance of the day or for the duration of a particular activity. The student follows the schedule of the room to which he or she is relocated. This may occur with or without referral. If a referral is written, this consequence is called “in-house suspension”. If a student misbehaves during this consequence, additional restriction will occur, such as suspension or a parent may be asked to pick up his/her child early.

- **Teacher Suspension:** Suspension of a student to the office, with work, for the balance of the day. A teacher suspension is governed by The Academy, and may be extended for a second day if the teacher is able to conference with a parent. If the student is disruptive and defiant in the office, parents may be asked to pick up the child early.
- **Suspension:** A suspension is removal from school for up to 5 days at a time. They are earned for violations. Suspensions are formal, legal documents and may only be imposed for up to 20 days in one school year. There are 6 areas for which students may be suspended on the first offense. Suspensions may not be appealed, but a conference may be requested by the parent.
- **Behavior Contract:** When detention, conferencing, restriction and suspension have failed to bring about the desired improvement in behavior, these contracts are used by administrators as a last resort before placing a student before the **Administration and/or Board of Directors** for expulsion. These are signed by both the student and the parent and may be part of an Administration Hearing process. Usually full campus restriction is an automatic part of such a contract. This document may also be used in a limited fashion when adults see a pattern of continued aggression developing between two students. Students are asked to agree that they will have no contact with each other.
- **Expulsion:** Expulsion is the removal of a student from the school for up to one year for serious of continued violations. These occur after a formal hearing before the Administrative Hearing Committee, then the Board of Directors. Expulsions may be appealed to the Board of Directors.
- **Community Service Option:** Instead of disciplinary action prescribed by this article, the Head of School or Assistant Head of School or the governing board may require a student to perform community service on school grounds during non-school hours. For the purpose of this section “community service” may include, but is not limited to, work performed on school grounds in the areas of outdoor beautification, campus betterment, and teacher or peer assistance programs. This section does not apply if suspension or expulsion is required.

CONSEQUENCES:

Fighting/Rough Play

Continued or severe violations will result in a parent/student/principal conference, short-term restriction from specific activities, and possible suspension.

Policy/Consequences: The school strictly prohibits students from engaging individually or collectively in any form of hazing or related initiation activity on school property, in conjunction with any school activity or involving any person associated with the school, regardless of where it occurs. Any student who participates in hazing or related initiation activity, or conspires to engage in hazing, **will face immediate disciplinary action up to**

36

and including suspension, expulsion, exclusion and loss of participation in extracurricular activities. In addition, students who participate in hazing may be referred to appropriate law enforcement authorities, based on the severity of the offense and may face subsequent prosecution. Any student found guilty of encouraging or participating in such practices shall be suspended and/or expelled from the Carolina Academy, and prohibited from any further participation in extra-curricular activities or school programs. Legal actions shall be brought under terms of §§ 16-3-510 to 16-3-540 and 59-101-200 of the Acts of 1992.

DRESS CODE

It is belief of the administration that issues of clothing and shoes has become such a problem and a distraction to the school atmosphere that, as an institution, we should do something to help the students and teachers. There will always be discussion as to the judgement of the clothing item; however, there appears to be too much discretion left to the individual. School dress for all Middle and Upper School students should reflect the fact that students are at school for the purpose of education, not recreation. The code below reflects the school’s sense of what is in good taste, but may not cover all situations. In addition, Carolina Academy students represent the broader community whether they are on or off campus. SCISA will issue a strict dress code this year for students attending all SCISA sponsored events. This has become necessary due to some of the “lax” dress codes of the individual schools. Students and parents are reminded that many items of clothing, which may be appropriate in social settings, are not appropriate for school. Prevailing fashions may not always reflect what the school considers appropriate. The appearance standards are not to be considered all-inclusive. The administration reserves the right to determine the appropriateness of student attire, including but not limited to the following. Students are also reminded that Middle and Upper School students are highly visible to Lower School students and even serve as role models. The school is requesting the help of parents to enforce the dress code by ensuring that students are appropriately attired before leaving home. Students not in compliance may be sent home to change. Classes missed during this time are considered unexcused.

Below are some guidelines to assist parents and students about **appropriate dress and grooming for school.**

Therefore, the administration can, at anytime, require changes or institute new policies that are in the best interest of the school and the students.

The first two weeks of school, the handbook will be discussed with students in the various classes.
